

Colenta Studioline®

Studioline RA-4 processor 37 - 80 RA4 50

for RA4 paper, Duratrans and B/W Materials
Studioline: 50cm/min at 45 sec dev time

All processors with 9 preprogrammable processing cycles, intermediate rinse bath rack system, open stand, daylight feed box and with 2 x 30 ltr. replenisher tanks

Microprocessor controlled Display

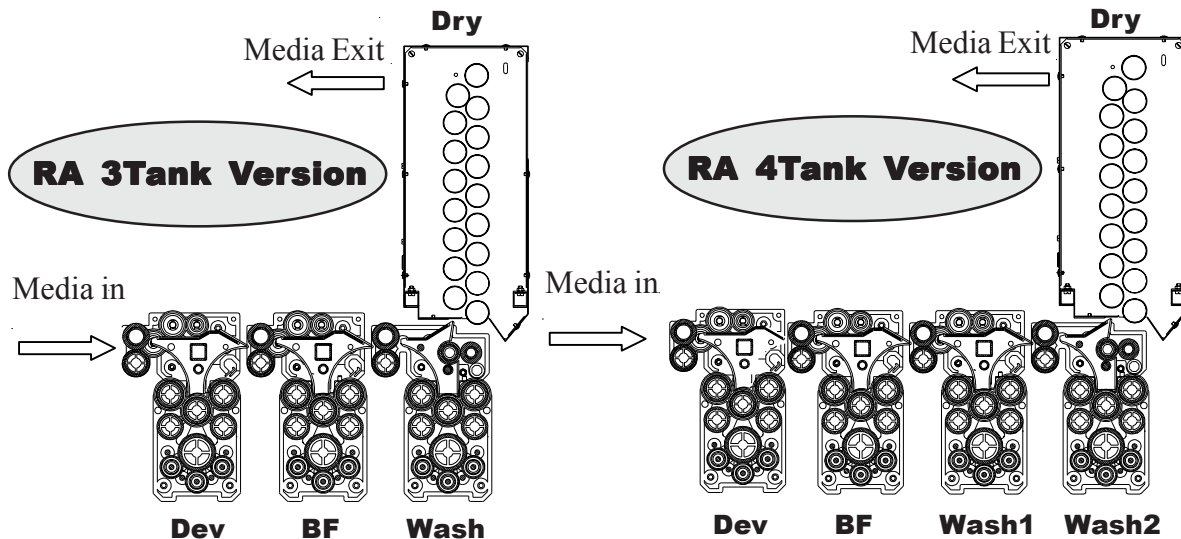

COLENTA Studioline:

37 RA 50.....	max. 37cm / 14in
56 RA 50.....	max. 56cm / 22in
68 RA 50.....	max. 68cm / 26in
80 RA 50.....	max. 80cm / 32in

The best in „Low Volume” Tank designs:
All Colenta Processors are equipped with precision temperature control of all processing chemistry with automatic Developer Tank cooling to prevent overheating. Replenishment is preheated by injection into the inline chemical heating systems, which are controlled to pre-set programmed temperatures within +/- 0,2 °C.

TRANSPORT SYSTEM:

Our system of “Non-opposed” hard roller transport modules allow the photographic media to pass smoothly from roller to roller without risk of scratching or direct pressure to their sensitised surfaces.

Supplied in 3- and 4-Tank options, 5-Tank 37 & 56 models available on request.
